National Agriculture Education Day Celebrated at SRS of ICAR-NDRI

On the Occasion of National Agriculture Education Day a team of scientists from SRS, ICAR-NDRI, Bengaluru comprising of Dr B. Surendra Nath, Dr S. Jeyakumar, Dr A. Kumareshan, Dr Menon Rekha Ravindra, Dr Mamta and Dr Mukund A. Kataktalware visited Narayana E-Techno School, Koramangala, Bengaluru on 03.12.2019 and addressed about 80 students of class 10th to apprise them on the importance of agriculture education. The need to promote agricultural education right from the school level was emphasized. The team informed the students about NARS system and academic programmes offered at the Deemed Universities under the ICAR and the State Agricultural Universities. The mode of admission to these programmers and career opportunities available were also highlighted and pamphlets on relevant information were distributed among the students. The team urged students with an aptitude in the area to join agricultural education for the fulfillment of manpower needs in the concerned field. The students were very enthusiastic in their participation in the discussions during the session.
