Industry Meet

The organizing Committee cordially invites you to participate in the Scientists’- Dairy Industry Partners’ Meet on “Commercialization of Dairying through Production and Traditional Processing” on 12th December, 2015. The objective of the meet is to provide an interactive platform for researchers, academia, farmers, dairy industry and other stakeholders to address emerging issues on milk production and processing in the Eastern region. We eagerly look forward to meet and welcome you.

ICAR-NDRI- Eastern Regional Station

The ICAR- National Dairy Research Institute with its Head Quarter at Karnal, Haryana, the country’s premier Dairy Research Institute has developed considerable expertise in different areas of Dairy Production and Processing. The Eastern Regional Station (ERS) of NDRI is located in Kalyani, District Nadia, West Bengal. The main thrust of the regional station is to evolve suitable production practices for the warm-humid subtropical agro-climatic condition of Eastern India. The research works are being carried out in the disciplines of Animal Genetics and Breeding, Nutrition, Physiology, Reproduction, Livestock Production and Management, Biotechnology and Extension. The institute is continuously working to develop its research and development programmes, human resource development programmes to serve this Eastern region. The regional station has effective infrastructure facilities like Dairy Farm, Fodder Farm, Library and Computer Unit to support research and extension activities.

Faculty of Dairy Technology

Established in 1977 as the third institute of its kind under Bidhan Chandra Krishi Viswavidyalay (BCKV) at Mohanpur in the district of Nadia, West Bengal to impart dairy education in India, the institute was subsequently recognized as a full fledged Faculty of Dairy Technology (FDT) in 1995 with the creation of West Bengal University of Animal & Fishery Sciences (WBUAFS) bifurcating BCKV. The FDT currently offers graduate programme of B.Tech. (Dairy Technology) and master’s as well as doctoral programmes in various disciplines of Dairy Sciences. A Students’ dairy plant of 5000 LPD capacity has also been established in the Faculty to impart practical training and provide research facilities to the students and others.

Venue

ICAR-NDRI, Eastern Regional Station, A / 12, Kalyani is located in Nadia district of West Bengal which is 48 km north from Kolkata and is well connected by rail and road. ERS is around 2 km away from the Kalyani railway station. The weather in the month of December is cool and pleasant. The temperature remains between 15-20 °C. Accordingly, participants must come prepared with appropriate warm clothing.

Sessions

Session I: Scientists’- Dairy Industry Partners’ Meet
Session II: Scientific session on Milk Production and Processing
Session III: Interaction of Scientists/ Professors/ Experts and Dairy Farmers of Eastern India

Stall Fee

Interested firms dealing with milk processing equipments, feeds and fodder, veterinary medicines and dairy plants, etc. may display their stalls in the venue. Each stall of 10’X 10’ size will be charged with Rs. 10,000. Each stall will be given two free complementary registrations for the meet.
